

## Pfizer UK Undergraduate Programme 2019/2020

### Commercial Undergraduate Internal Medicine

#### Department Overview

Pfizer provides you with the opportunity to work with experts in the pharmaceutical industry and has a wealth of opportunities available across a variety of departments. Internal Medicine within Pfizer is focusing on therapeutic areas like cardiovascular and smoking cessation and, as a consequence, offers innovative medicines for a very wide range of patients.

The commercial department works with customers in collaboration with internal support from marketing, medical and various other functions.

#### What can I achieve and what will I be responsible for whilst completing a placement at Pfizer?

Through working in a dynamic commercial environment you can look forward to developing critical business skills and project management experience. These skills will include communication through liaising with a wide range of different colleagues and external stakeholders and multi-tasking through working on a variety of projects.

Other responsibilities will include:

- Supporting and liaising with customer-facing colleagues and leaders – a big and diverse team including many different roles
- Actively participating in defined commercial, cross-functional working groups
- Leading defined implementation projects
- Supporting the commercial leadership team in key initiatives

#### What other opportunities and benefits do Pfizer offer?

Pfizer also offers a diverse environment which allows employees numerous opportunities to grow and develop. This is a great chance to be part of the bigger picture, and to assist in ensuring Pfizer maintains a strong and diverse workforce as well as developing a talent pipeline of future Pfizer colleagues. It is also a fantastic way to obtain a better understanding of the pharma industry and the type of roles it has to offer.

#### When can I start?

Placements will start on 2nd September 2019 and will run for 12 months.
